## **DETAILED ACTION**

## Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 01/04/05 has been entered.

## Allowable Subject Matter

- 2. Claims 1, 5-7, 11-12, 3, 8-9, 13, 15-24 are allowed. Which were renumbered as 1-21, respectively.
- 3. The following is an examiner's statement of reasons for allowance:

Kobayashi the processing performed by the picture quality correction circuit (15 of fig. 4) on columns 34 and 35 in reference to Figures 38 and 39. Specifically, Kobayashi discloses the picture quality correction circuit (15 of fig. 4) can perform adaptive contour enhancement processing using weighting coefficients on the basis of the value of the quantization step (Column 35, lines 1-15); and a pre-filter (23 of fig. 5) for filtering the input signal based on the degree difficult. However, Kobayashi does not teach or suggest adaptively correcting using a transfer function on the basis of the decree of coding difficulty (Figure 1, Specification pages 23-34 of the present invention); and the motion compensation remaining different being computed as a difference between a V-filter and motion compensated block of the input video data and an

Art Unit: 2613

original corresponding block of the input video data (D8-D11, D3 of fig. 3, the specification of the invention).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

## **Contact Information**

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tung Vo whose telephone number is 703-308-5874. The examiner can normally be reached on Monday-Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Chris. Kelley can be reached on 571-272-7331. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
